Feb-26 Thu	JIM BECKER	35N-39N	JIM DIENSTL	39S-239 Inside
Feb-27 Fri	JOSH BUCKRIDGE	140W-7A	RYAN FLEISHAUER	4-6

Winter Trail Routes 2026

7A-140W Trail 140W runs from Wild River Trail intersection 7 at CTY HWY A west to the Burnett County line (map intersection 43). When returning east, go north on 7A from Intersection 45 to Intersection 63 only. When needed, groom the "club trail" just north of Cty Hwy E, east to Twin Oaks. Then head south on 7A to intersection 45 and continue east on 140W to completion.

7A-7-7B Trail 7A runs from Wild River Trail across Hwy 53 south of Trego (map intersection 9). AFTER CROSSING THE FREEWAY, GROOM THE TRAIL TO THE "WILD RIVER SPORTS" DRIVEWAY, THEN STAY ON THE ROAD AND START GROOMING AGAIN AFTER THE GUARDRAIL. Continuing west it will intersect with the Casey Loop (trail 7) at map intersection 65. On the way west you should groom the "club trail" to Dunn Lake if it looks like it needs it.

This run alternates between doing the Casey Loop twice (once per side), or doing the Casey Loop once in addition to doing trail 7B intersection 69 up to the county line at map intersection 71. Either way groom the trail from intersection 67, to Big McKenzie Lk every time. The trail can ONLY BE GROOMED NORTH TO SOUTH returning east on Big McKenzie Rd and then grooming north on Little Bass Lake Rd to the loop.

*****IMPORTANT*** DO NOT GROOM WHEREVER SIGNS INDICATE "UNGROOMED SECTION"**

35N-39N Start from 39N intersection 11 at Ross Rd to intersection 27. Then do the spur to Wolf Point Inn, returning to intersection 27. Then proceed east to CTY HWY F.

35S Wild River Trail from Ross Rd to Barron County Line intersection 1.

4-6 From Wild River Trail at Ross Road to Trail 4 (map intersection 3) east to trail 6 intersection 61. Then trail 6 east to Harmon Loop intersection 47. This run includes the spur to Rummel's Tap from intersection 59 to CTY HWY B. Also groom the "club trail" between Rummel's and Perlick's along CTB HWY B at this time.

39S-239 From 35N at Ross Road, south on 39S to Barron County line intersection 17. This run includes the trail 239 loop which begins and ends from 39S between intersection 23 to the north and intersection 21 to the south. When heading south on 39S, do the outside (left) or inside (right) of 39S & 239 loop west of Shell Lake according to the schedule.

Then when returning north, always enter 239 from intersection 21, returning to 39S at intersection 23. 239 must always be groomed south to north.

Then continue north on 39S completing the run.

Additional Operator Notes

It would be beneficial to Washburn County Tourism and the community if each groomer operator would text Tourism as to the condition of the trail that you have groomed. Please take a moment to text Tourism at 715-520-2370 with the condition of the trail that has just been groomed if possible.

Call Jim McDowall at 715-635-5186 with schedule issues.

Call Greg Moyer at 715-933-2013 for severe maintenance issues.

If you become stuck and are within 125' of road, call Jock's 715-635-9699.

Otherwise you'll need a bull dozer: Lee Norton 715-416-0501 or Justin Bluse 715-520-7788.

Be sure to notify Jim Dienstl 715-635-8661 or 715-416-2971, Randy King 715-635-7054 or Greg Moyer at 715-933-2013 in the event you get stuck.
